

Formation Team /Static Display Aircraft-Scream'n Rebels: \$7,060

About the act: Scream'n Rebels is a four-ship formation team flying T-6 Texan aircraft. The aircraft are large, loud, and bellow smoke during the entire performance. The **Scream'n Rebel Formation Demo Team** will perform an exciting show for your audience. Their entire aerial display is tight, done within the airport boundary keeping the action close. Massive amounts of smoke erupt as these large Warbirds are put through their paces. You will experience rejoins, diamond photo passes, simulated strafing runs and the classic "finger four" formation made famous by our fighters of WWII. The show concludes with the exciting "Fan Break" from a close trail just before landing. The Team performs many of the precision maneuvers that are seen during a Military formation air show at a fraction of the cost. These formations are the same ones taught to both the veterans of WWII as well as our modern day air forces. All Team aircraft have historic paint schemes, are available for static displays and are flown by very experienced pilots.
